## EASY PAYMENT PLAN

Pree-Fabb Products can be purchased under the FHA Home Improvement Finance Plan. Pree-Fabb Products can be purchased on a 12, 18, 24, or 36 monthly easy payment plan. See your local lumber dealer for more detailed information . . . TODAY—NOW.

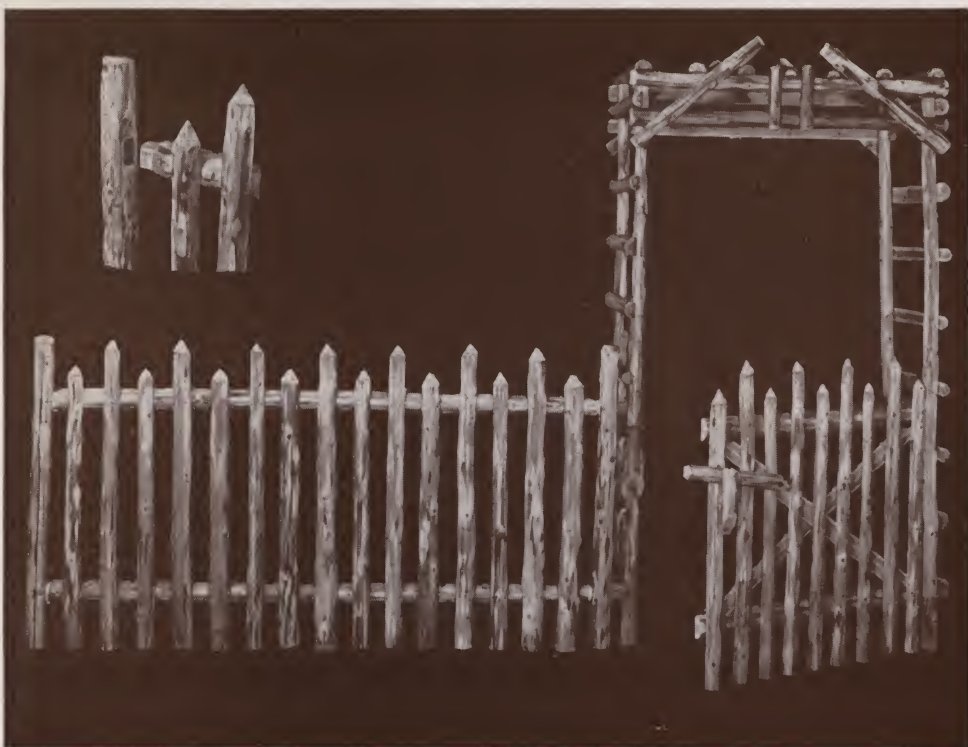

If there is no local dealer in your community advise us promptly and we will arrange to have some one contact you by mail, telephone, or a personal call. We want you to have Pree-Fabb — *The Fence Beautiful!*

## Instructions

In ordering your fence, please remember we are saving you the high cost of custom built fencing because Pree-Fabb fences are built in standard designs and standard length sections. These sections can be cut at any point to take care of space where small lengths are needed.

1. Measure area to be fenced carefully to determine the correct number of feet needed. Then subtract  $3\frac{1}{2}$  feet for each gate. This will give you the total number of feet for fencing your area.
2. Your sections are approximately 7 feet long. To determine the number of sections needed, divide 7 feet into the number of feet to be fenced.
3. In ordering correct number of posts, check area to be fenced carefully, remembering that you need 1 post at the beginning point, 1 post for every 7 foot section, 2 gate posts for each gate and be sure to specify correct number of corner posts.
4. Where Driveway Gates are needed these will be built to your specifications and priced accordingly.
5. We suggest that you draw a rough sketch of your lot, indicating the number of feet on each side of your lot to be fenced. Also the number of gate openings. In this way your lumber dealer can check your requirements eliminating any mistakes thus saving you money and giving you a beautiful fence.
6. If you wish to take advantage of FHA title 1 easy payment plan, you may secure a form for same at your local lumber dealer who will be very happy to assist you in every way possible.

### SPLIT PEELED SECTIONS

... as shown on cover, our most popular item.

Truly a find for those who wish to combine beauty and economy. Live knife peeled pickets staggered 40 and 44 inches high. Tapered tops with matching stringers. **FENCE COMPANY OF AMERICA**

Dear Home Owner:

Here is a copy of our Pree-Fabb fence catalog which explains how easy it is to buy a ready-made Pree-Fabb fence.

Our remarkably low priced Split Picket and Rail Fence can be erected in a "jiffy", and DOES NOT need to be nailed or painted. Just take the fence sections and slip them easily into the mortised posts.

Our fences are made from Northern Michigan White Cedar in six beautiful Pree-Fabb designs: Cedar, Rustic, Rail, Picket, Colonial, and Stockade.

We offer you a distinctive fence that will meet your individual need, whether it is to beautify your home, enclose your garden, fence in large areas, for privacy, protection, or beauty. Pree-Fabb fences are suitable for any dwelling from cottage to estate.

On the back of this introductory letter you will see a list of the dealers in your state who handle PREE-FABB PRODUCTS. If there is no dealer located near your home, please write us regarding any information that you may desire. We want you to have PREE-FABB - The Fence Beautiful!

Remember, when you buy PREE-FABB PRODUCTS, you're buying nationally advertised, quality built merchandise.

Cordially yours,

PREE-FABB SALES
